INSTRUCTION

The way to used:-

(1) First, switch-off the N 64 main console power then insert the START-CARTRIDGE (also is the same system of game's cartridge. That is Europe console using Europe's version, USA console must used USA's version) at the back of the N 64 PASSPORT. Inserted the game-card upward then take PASSPORT and insert the N 64 main console then switch on! That It!

(2) After you switch on the system, the graphic will appeared PASSPORT's screen, if it have no screen please check clearly see whether all the games card and electric power have inserted properly. If you confirm all is well inserted as it still no screen, please contact our retailers or our EMS technical and maintenance department OR email to : emsindlt@ems-ind.com.hk

(3) After appearing of the screen the games will be auto-run, if it not work and appear black screen, then this games will need cheat code to make it work you can follow the instruction and searching the cheat code strictly as shown below:-

** Because PASSPORT can't used together with ACTION REPLAY so is prohibited to place ACTION REPLAY and PASSPORT together.

How to used?

1) Press the JOYPAD in any key then switch on the electric power, when pass by the PASSPORT SCREEN it will appear the driven menu of the PASSPORT.
The driven menu have two items:
  i) Started games
  ii) Select the cheat code.

i) Started Games
When started games, the driven menu have two items
a) Prepared to select the cheat code and started the games.
b) Back to the driven menu.

ii) Select the cheat code
  - Select suitable game's. Press 'A' and key in the cheat code, high-light when it turn GREEN, it shown that the cheat code is work, then press "START". Go in the START GAME menu.
  - You can input the cheat code yourself, select "NEW CHEAT CODE' then input the function and cheat code to the cheat code's table.

** When you success wanted the games with cheat code, next time you want the same game, you don't need to select the cheat code again.
You can play the games directly until you have select different games.
